EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

2. The application has been amended as follows:

Claims 19-28 are rejected as they are drawn to a non-elected species. The election was made without traverse in the response filed March 7, 2005.

The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach wherein the controller determines that the other brake system section is abnormal when the detected drive command does not match the assumed drive command and wherein the correction unit includes an exclusive OR circuit, the drive command output from the controller of the brake system section to which the correction unit belongs and the correction signal output from the controller of the other brake system section being input to the exclusive OR circuit.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 3683
